

WALK & 5K TO END HIV

OCTOBER 26 - 2019

LCC Sponsorship Opportunities

WHITMAN-WALKER HEALTH

SATURDAY OCTOBER 26, 2019 | WALKTOENDHIV.ORG
Freedom Plaza, Washington, D.C.

The **Walk & 5K to End HIV** is an annual walk and 5K timed run benefiting Whitman-Walker Health. This year, the Walk (formerly known as AIDS Walk Washington) is proud to celebrate **33 years** of raising much needed awareness and funds to help provide high-quality, comprehensive and accessible health care to those infected with or affected by HIV and AIDS.

In its 30-year history, the Walk has raised more than \$25 million and attracted more than 200,000 participants. Each year, an average of 6,000 walkers and runners participate in what is the D.C. region's single largest community event focused solely on the HIV epidemic.

Our partners will benefit from meaningful exposure through the Walk & 5k to End HIV campaign which generates over **10 million** media impressions across a variety of platforms including digital, broadcast TV, radio and print. A variety of opportunities exist to highlight our sponsors and their support of the event and the community. Sponsors may be featured on: event signage and t-shirts; newspaper, magazine and online advertisements; the Walk & 5K to End HIV website and social media platforms; and many other innovative and high-profile marketing vehicles.

HIV remains an epidemic in D.C. and Whitman-Walker Health focuses on services and education designed to prevent transmission of the virus and provide care to those who are infected. The **Walk & 5K to End HIV** is a vital part of ensuring we have the resources to continue our support of at-risk and HIV-positive populations.

Status of HIV in the D.C. Region

- More than 1.2 million people in the United States are living with HIV, and almost 1 in 8 (12.8%) are unaware of their status.
- 16,423 residents of Washington, D.C. (2.5% of the D.C. population) are living with HIV. This exceeds the World Health Organization's definition of 1% as a generalized epidemic.
- Approximately 6.0% of residents aged 40 to 49 years and 6.7% of residents aged 50 to 59 years are living with HIV.
- Men in D.C. continue to be disproportionately affected by HIV; men represent 47% of the District's population, but over 70% of HIV diagnoses.

How Whitman-Walker Health Addresses the HIV Epidemic

- Provides comprehensive outpatient medical services, including dental care.
- Offers at-cost HIV-related medications through an on-site pharmacy that fills more than 20,000 prescriptions a year.
- Gives legal support to clients, including public benefits assistance, estate planning, discrimination litigation, elder law for the aging HIV-positive population and more.
- Offers treatment adherence services, insurance navigation and public benefits assistance to more than 2,000 clients.
- Improves mental health through counseling and addiction services.
- Administers thousands of free HIV tests every year (more than 9,000 in 2015 alone).
- Conducts cutting-edge scientific research on HIV and STD treatment and prevention.
- Prescribes pre-exposure prophylaxis (PrEP) and offers post-exposure prophylaxis for HIV prevention to patients who need it.

About Whitman-Walker Health

Established in 1978, Whitman-Walker Health is a non-profit, community-based health care provider serving greater Washington most in-need residents with a special expertise in LGBT and HIV care. Services in our four locations include primary medical and dental care; nutrition; mental health and addiction counseling and treatment; HIV education, prevention and testing; legal; and medical adherence case management.

Why We Need Your Participation in the Legal Community Campaign

More than 43 law firms and law schools have participated in the past to raise money for Whitman-Walker's Legal Services Program. Teams and law firm/corporate sponsorships are critical to the success of this signature fundraising event.

Establishing a Walk team for your law firm, law office, company or law school will:

- Build morale and camaraderie.
- Honor and support those affected by HIV.
- Educate the community and bring attention to the crisis in the DC area.
- Provide legal assistance to many hundreds of individuals and families living with HIV to help them obtain the medical care they need, keep their jobs or obtain income support if too sick to work, protect their rights and plan for the future
- Provide exposure of your team to thousands of participants.
- Surely be fun for all!
